IN THE CLAIMS:

Please amend the claims as follows:

1 1.   (Once amended) A system for remotely monitoring an
2   individual, the system comprising:
3   a)   a server;
4   b)   [a] remote interface means for entering in the
5   server a set of queries to be answered by the
6   individual; and
7   c)   a remotely programmable apparatus for interacting
8   with the individual, the remotely programmable
